A NOTE FROM

THE DIRECTORS

Lake of the Woods, or “LWC” as our campers say, has been our home away from home since we were both 10 years old. Together, we have over 50 years of camp experience; we spent summers as campers, counselors and now Directors of our camp, our second home. Since 1935, Lake of the Woods has helped girls discover new passions, learn valuable life skills and prepare them to be successful in life. Our summers at LWC have helped us become who we are today. We look forward to helping your daughter on her journey to become her best self!

MORE THAN CAMP

CHARACTER EDUCATION

Girls today need camp more than ever. Camp provides relief from pressures often encountered throughout the school year, as well as a break from social media and screen time.

At Lake of the Woods, girls are encouraged to take *healthy risks* and form *authentic relationships* with peers and counselors. More than just fun and friendships, we teach campers skills for life, including *resilience*, *creativity*, *teamwork*, *independence*, *optimism* and *citizenship*. These are some of the critical skills needed to empower girls to become healthy, productive and competent individuals.

— BUILD YOUR OWN — EXPERIENCE

No two girls are the same, so why should their summer be?

With over 50 activities to choose from, girls customize their own program based on their interests.

We have an A and B day schedule, allowing our girls to develop skills in 6-10 different activities of their choice. Campers may select one activity to specialize in and take daily at camp. We encourage campers to try new things and use this experience as a way to explore their interests. We guarantee each camper gets all of the activities she selects.

We offer top quality instruction at all skill levels, from beginner to advanced.

= THE HEART OF YOUR = EXPERIENCE

*Life skills learned and friendships
made that last a lifetime...*

Our campers often refer to Lake of the Woods as their home away from home. We intentionally cultivate this feeling by helping each girl foster genuine friendships, make meaningful connections, and leave feeling part of something bigger than herself.

We teach girls to respect one another, celebrate differences and use our camp values to guide them on how to be their best self.

Grouped by age, campers live with 3 to 4 counselors in modern cabins with bathrooms, showers and electricity.

2 WEEK CAMPUS

- For girls 6 – 15 years old
- 12-14 girls per cabin
- 1:3 staff to camper ratio
- 175 girls each session

4 AND 8 WEEK CAMPUS

- For girls 7-15 years old
- 12-16 girls per cabin
- 1:3 staff to camper ratio

Our separate 2 week campus, The Glen at Lake of the Woods, ensures that all campers have a distinct start, middle and end to their camp experience. This unique distinction makes us different from many other 2 week programs.

= MORE THAN A CAMP COUNSELOR = ROLE MODELS

Camp is only as good as its people. We select only the finest counselors to care for our campers. Our mature and dynamic staff is chosen from students, graduates and teachers from all over the world.

We seek out charismatic, capable and compassionate individuals to ensure the physical and emotional well-being of our campers. Each counselor is committed to making a positive impact on each camper.

Camp BBQs, special events and a few co-ed evening activities add to the fun. Lake of the Woods and Greenwoods is the perfect place for siblings to spend their summers!

RAVING FANS

"Just wanted you to know what an amazing summer Lauren had at LWC. It truly is her happy place. She was excited to share everything with us including her cabin, achievements in skiing and riflery, etc. I cannot thank you enough for taking care of her and showing her another side of life. Please know you are running a wonderful camp and giving girls an experience of a lifetime." **Lisa – Los Angeles, California**

"Annie returned from camp today and I am blown away! She told me camp is magical because there is no drama, the counselors make you feel loved and you really have a home away from home. I could not have hoped for more. You all exceeded our every expectation. In Annie's words, 'I cried at the opening campfire because I missed you and I cried at the closing because I did not want to leave.' A million thank yous!" **Ellen – Chicago, Illinois**

"As we leave the grounds from picking up Kate, I am truly amazed at how much my daughter has done in the last two weeks. Although Kate is an extremely outgoing and independent 6 year old, I was a bit nervous to have her away from home for two weeks. After seeing the true love and care she has received from ALL the staff, I will never again hesitate to send her to camp with you." **Rebecca – Brooklyn, New York**
